Re: New Cue Sheet Format

Beginning with AT40 show #751-8 and ACC show #C751-8, the cue sheets included with each program will now be three pages (one page per hour) as opposed to six pages (two pages per hour). Page one corresponds to discs 1A, 1B. Pages two and three correspond to discs 2A, 2B and 3A, 3B.

In order to present the cue sheet information in a simpler form, each page will include the records in each of the six segments, the times of those segments and the running time for the entire hour.

There is still ten seconds at C-3 available for a station I. D. and all of the commercial inserts are the same. The only major difference is that we are no longer listing the talk units between each record on the cue sheet.

This slight change will not affect the programming of the shows. All of the cue sheet information will remain the same. If anyone has any real problems with the new cue sheets, please give me a call collect at (213) 980-9490.

Thanks!
