

ATTENTION PROGRAM DIRECTORS:

It's our never-ending quest here at "American Top 40" to make our show more compatible to your radio station. Why, just recently, we've:

- * made the show "more music/less talk" without skimping on any of the chart information you and your listeners have come to expect
- * followed YOUR lead and added the "AT40 Sneek Peek", one of the most added songs on radio bubbling under the Top 40
- * added the "AT40 Music News", a segment that reports up-to-the-minute information about popular music acts not currently in the countdown
- * changed to the "Billboard Radio Monitor" chart to eliminate the "sales" hits that are not getting airplay on your station

And, now I'm writing to inform you of our LATEST improvement: a way to give "American Top 40" a more "local" feel. Now you can insert your station I.D. in a few additional spots. Here's what we've done -- you'll find a new notation on your Cue Sheet (in bold type) which will read, for example:

(3:38 - 3:48) SONG INTRO FOR LOCAL I.D. (:10)
(timer readout) (total intro time)

What that means is: from 3:38 to 3:48 on your CD timer is a song intro that Shadoe DOES NOT talk up at all. This allows your board operator ten seconds (:10) to shoot off your pre-produced station I.D. cart over the music. You can expect approximately one opportunity an hour. The number of opportunities and allotted time may vary per hour per show.

Shadoe is available to record custom inserts for your station. Please mail or FAX your station liner copy to: "American Top 40", 3575 Cahuenga Blvd. W., Suite 555, Los Angeles, CA 90068-1346 -- or FAX (213) 850-1050. Both should be sent Attn: Matt Wilson.

As always, I'd like to hear your feedback on our newest innovations. I'm always available for your suggestions on how we can make AT40 even better.

Sincerely,

Bruce Goldberg
Producer

ATTENTION PROGRAM DIRECTORS:

Debuting at #31 this week on "American Top 40" is the new NKOTB (New Kids on the Block) single, "IF YOU GO AWAY". As you might know, this record was a smash in Europe and leaked back here as an import. Still, the record has not been widely distributed to radio and is not yet available at retail.

So in case your audience likes the song when they hear it on "AT40", and they call to request it, we want you to be ready to please your listeners. Therefore -- by special permission from Sony, Inc. -- we have put the song, in it's entirety, at the end of the Hour 4 disc. Just another bonus for being one of our valued affiliates!

1. **SHANICE VS. PRINCE AT #1** :25

Hey, Shadoe Stevens, AT40. It's been two weeks of giggles and laughter at #1 for Shanice and her bubbly first top 40 hit "I Love Your Smile". But pushing at #2 with "Diamonds And Pearls", and a gleam in their eyes, it's Prince and The N.P.G. So will Shanice still be grins-a-plenty this week for a third week in a row on top? Or will Prince and his New Power Generation rule the nation? There's only one way to find out -- count down with us right here -- on American Top 40! (LOCAL TAG)

2. **WHO'S COUNTDOWN BOUND?** :28

Hi, Shadoe Stevens, AT40. And these hits are radio-active as they blaze up the Billboard chart. There's Color Me Badd, with a recent AT40 Sneek Peek, "Thinkin' Back". Vanessa Williams has a new one called "Save The Best For Last" and there's a song that's already a hit in Europe, by NKOTB, that's the new abbreviated name of The New Kids On The Block. Their new song is "If You Go Away". So who's countdown bound with their latest hit sounds? Ah, D'Shadoe knows -- right here -- on American Top 40. (LOCAL TAG)
