Now that things have calmed down after our excitement over Casey's big bronze star in the Hollywood Walk of Fame, let me tell you where all our attention is now focused. For many weeks, we've been processing chart statistics getting ready for the mid-year Special Countdown -- airing the 4th of July weekend --

"THE 40 BIGGEST HITS OF JOHN, PAUL, GEORGE, & RINGO  
--- As the Beatles, and On Their Own"

Using Billboard's chart data, we're ranking the forty biggest singles produced by those four fabulous talents from 1964 right up to the present. And in Show #813-1, Casey will count 'em down just as they fall. It looks as though a little more than half will be Beatle hits while the balance of the forty are distributed among John, Paul, George, and Ringo as they charted individually after the breakup in 1970.
