RE: SURPRISE SPECIAL

For a slight summertime change of pace, and in recognition of another record-breaking year in Album sales, we've decided to produce a Surprise Summer Special called...

"AMERICAN TOP 40 PRESENTS THE NATIONAL ALBUM COUNTDOWN"

The Album Special will pre-empt and appear in place of the regular countdown of the Billboard Singles Chart for the week ending August 5, 1972... program #723-6. Because this AMERICAN TOP 40 Extra-Special has not been announced within preceding AT40 shows, Casey will give special emphasis to a running re-cap of the week's top 40 singles.

The National Album Countdown will present highlight cuts from the 40 top LPs of the week as reported by Billboard. Cuts will be selected by the AMERICAN TOP 40 staff on the basis of variety, popularity and airplay.

The National Album Countdown Special is actually one stage in the development of a new program concept by Watermark. In planning for more than a year now, the "LP" counterpart of AMERICAN TOP 40 should be available for licensing to stations in the very near future. As in the case of "The Elvis Presley Story" it will be offered to stations licensed to broadcast AMERICAN TOP 40 at the time on a "first refusal" basis.

We'd welcome your comments...both critical or complimentary...and any suggestions you might have in making such a program more useful to you and your station.
