RE: LATE & DAMAGED SHIPMENTS

HOW TO HANDLE LATE OR DAMAGED SHIPMENTS

Wednesday is "trouble-shooting" day at ABC Watermark. Any shipping method, domestic mail, truck or air freight is fallible. Because ABC Watermark has no way of knowing when packages arrive or controlling damage in transit, our affiliates must assume responsibility for reporting lateness of arrival or damage. Every Wednesday, our Operations Department is prepared to handle incoming reports of late program arrivals or damage. Emergency replacement program packages are kept at ABC Watermark, and, if on Wednesday a station calls to report damage or non-receipt of a program, the Operations Department will react instantly and send a replacement package in the most expedient manner open to us. In other words, *with your cooperation*, if we miss our Wednesday deadline, you'll still get the show by Friday.

We suggest this standard operating procedure. Assign one individual the job of (1) checking *every Wednesday* to be sure the AMERICAN TOP 40 program has arrived, and (2) opening the package and examining each program disc for warpage or breakage. If there's trouble on Wednesday, immediately place a toll-free call to the "Operations Department" at (800) 423-2502. Outside the continental U.S. or in California, call collect at (818) 980-9490. If we get that call by Wednesday, we'll have a replacement package on its way immediately.

If any emergency calls are placed later than Wednesday, we'll do our best to get that replacement package to you, but we make no guarantees. Under the terms of your agreement with ABC Watermark, you are responsible for airing the ABC Radio Network commercials within the program. ABC Watermark pays the cost of all emergency shipments reported 3 days prior to broadcast.
