1. TRIPLE IN TRIPLICATE :26

Hey, Shadoe Stevens on AT40. Last week's Billboard Chart saw triple in triplicate in the top ten. There were three trios of women, with three big hits: "We Can't Go Wrong" by the Cover Girls -- "Tell Me Why" by Expose and "Two To Make It Right" by Seduction. The last time there were three female trios in the top ten was 27 years ago, back in 1963 ... making it another historic week of hits on American Top 40.

2. AN HISTORIC EXPOSE :34

Hi, Shadoe Stevens on AT40. Last week, this three woman group from Miami made Chart history: they became the first all woman group to have their first seven singles released all make the top ten, as Expose scored their seventh top ten in a row with "Tell Me Why". Expose's closest competition comes from three sisters who hit fifty years ago, The Andrew Sisters. But they had singles released before there was a Billboard Pop Chart, so that leaves Expose on top. More history as it happens, right here, on American Top 40.
