1. TONI TALKS. JON GETS THE DEGREE. RICHARD LEAVES A HIT AFTER THE BEEP :34

Hi, I'm Shadoe Stevens. Lots of fun on last week's run to #1 on American Top 40. We met Toni Braxton and we learned how she ended up working with one of the hottest writing-producing teams in the business, L.A. Reid and Babyface. Jon Secada talked about his college degree in Jazz vocals, he also gave us a great new 'Sneek Peek' song. Richard Marx explained how he's written some of his biggest hits by leaving a song after the beep on his answering machine. And the same songs were at #1 and #2 for five weeks running, the first time that's happened in more than a decade. Chart history marches on! It's all the kind of stuff we do here every week. Join me, won't ya, on American Top 40! (LOCAL TAG)

2. DEBUTS HERE. DEBUTS TO COME :36

Hey, Shadoe Stevens here. These songs came crashing into the countdown last week on AT40. From the TLC tip, Left Eye, T-Boz and Chilli debuted with "What About Your Friends?" That fabulous foursome En Vogue came in with last week's red-hot Sneek Peek, a new one called "Free Your Mind". And there was After 7 on the rebound, re-entering with a song that was here just a couple of weeks ago "Kickin' It". Who's countdown bound this week? Maybe k.d. Lang with "Constant Craving?" Celine Dion and her latest, "Nothing Broken But My Heart?" How about the band del Amitri from Scotland with "Always The Last To Know". D'Shadoe knows and you will too, just count 'em down with me, right here, on American Top 40! (LOCAL TAG)

3. OFFICIAL HITS AND A WHOLE LOT MORE :29

Hi, I'm Shadoe Stevens. There's only one official Billboard chart and there's only one official Billboard countdown on the radio, AT40. Give us four hours and we'll give you the pop perspective across the entire U.S.A. The 40 biggest hits heard on radio, direct from the world's leading chart authority. Every week, we have the stories behind those songs from the stars, Long Distance Dedications from you, Music News, Flashbacks to hits that've been, Sneek Peek at hits to come and all the facts 'n' figures and special stories you can only find right here. So join me right here, for American Top 40. (LOCAL TAG)

1. The current hit by Babyface, "GIVE U MY HEART", features 24-year-old TONI BRAXTON. We had the chance to meet Toni recently... and she told us how she hooked up with one of the hottest writing-producing teams in the business:

**TONI BRAXTON ACTUALITY: (:23)** "I met Bill Pedaway who co-wrote "Girl You know it's True" by Milli Vanilli. And Dareema met Ernesto Phillips of Star Point, who, through him, you know, I got with Arista, and that's how L.A. Face became aware of me. I had to do a showcase. I was nervous. It was all act. I did several songs... several songs, and then I played the piano, and sang a song I wrote."

2. The Answering Machine. Maybe the greatest friend of a songwriter, ever! Richard Marx says his answering machine helped him get one of his biggest hits:

**RICHARD MARX ACTUALITY: (:40)** "I try and keep a little cassette machine with me at all times. If I'd leave it in my house, you know, sometimes I'll take an idea from the car into the piano and into the house, and I'll leave my cassette machine there. And the next day, I'll get a great idea in the car and I don't have my cassette machine. So, I pull over, and I go to a pay phone and I call my answering machine and I sing it into my answering machine, and it's there, I don't have to worry about it. I've done that. There was one time, and I think it was "ANGELIA" actually, I called that in from Australia, and I remember thinking, man, I better make this a good one, because this is costing me a fortune, just to put this idea down! You know, I'd hate to get home and go... oh god, this sucks! You know! So I was lucky with that one!"

3. Jon Secada has a rather unusual claim amongst current hit-makers: he's a college graduate with a MASTERS DEGREE...a Jazz Vocal Degree! He told us about it:

**JON SECADA ACTUALITY: (:33)** "There's not a lot of jazz vocal programs in the country, and the University of Miami was one of the first ones to offer this Jazz Vocal Degree. I was the first one to graduate with a Bachelor's from it and the first one to graduate with a Master's from it. I was trained as an instrumentalist, but I'm a singer and so the training has been great in terms of just kind of being respected in the industry. Being respected among other musicians and people, arrangers, producers, in terms of whenever you try to explain yourself and apply yourself in the industry, in the studio. So it's been very positive, the degree that I got."
