1. DURAN DURAN a few weeks ago did a special concert at Tower Records in Los Angeles and broadcast it to the world. In fact, JOHN TAYLOR told us the band called it their "WORLD TOUR.":
JOHN TAYLOR ACTUALITY: (:1:02) "We performed "in store", Tower Records, moved all the shelves out of the way, put up a stage and we performed there, 12:30 on Friday night and it went out by satellite to Tower Records in London, Hard Rock Cafe in Sidney. The Hard Rock Cafe in Tokyo and somewhere in Berlin and the Hard Rock in Los Angeles and what made it interesting was the fact that was interactive. We would play two songs and then the host would come and say 'that's great guys, thanks very much. Now we're gonna go to Berlin, can you guys hear us there?' And we'd hear "xxx zzzz.... (scratchy noises)" "Yes yes, Berlin... is there anything you'd like the band to play, and they'd say..." "xxx.. zzz... (more scratchy noises) we'd like something from the first album." "They'd like something from the first album!" They'd like something from the first album guys, can you do that? And we'd say Yeah, we can do that! Ok, great. So then we'd play it. Then when we finished the show we came back on stage, lined up and then we had a question and answer session."

2. "I HAVE NOTHING" is just one of the big hits from Whitney Houston's first movie, "The Bodyguard". She co-starred with the man considered the top box office star in the world right now. Whitney told us what it's like making movies and working with KEVIN COSTNER:

WHITNEY HOUSTON ACTUALITY: (:21) "It's difficult, it was hard, as opposed to doing music, it's a lot more confining and a lot more time consuming. It's almost like making a very slow record. Kevin's great to work with. He's a good person, he knows what he's doing. He's real down to earth, he's real cool, he doesn't trip, he doesn't have this big ego. He's really cool."

3. Stereo MC's frontman is Rob Brich -- or Rob 'B' as he calls himself. He says a lot of their song's have a basic message

ROB BRICH ACTUALITY: (:23) "A lot of the time we just try to get people to be more aware of other people. There's a lot of intolerance in the world and yet in the society we live in, a lot of intolerance to other people, there's a lack of understanding of other people's situations. I think it's important that people be aware of what's going on in the world and the problems a lot of people are facing."

4. Silk's first Top 40 hit is a big one, "FREAK ME"! But the first time they heard it, they weren't sure they wanted to do it:

SILK ACTUALITY (:55) "Well, we was against it. We were good church boys. Keith brought that in the mix, and we were like, hey man! That's a little too much! We were scared to do that song and we thought it was for a rapper that he was producing and he told us it was for us, and we laughed. We were like, no that's not our song! And we went on and on about it and he said it was ours and we started recording backgrounds for it but, we were scared of that song. We felt like there would be a negative backlash. I was having nightmares, I saw people walking around, picketing the song, advisory warnings and I just saw the whole nine, going down. Actually, the public made the song what it is because while happy days was out as a single, radio programmers started playing "Freak Me" and the response was so overwhelming, that other radio programmers had to pick up on it. So, the people demanded it and we gave them what they wanted. They made it what it is."

5. PM Dawn's Prince B and D.J. Minutemix went to see a psychic and they decided to use her reading...as the first track on their latest CD -- "The Bliss Album". Here's what she had to say, starting with PRINCE B... then DJ MINUTEMIX: **PM DAWN "PSYCHIC READING" (:46)** "A lot of strange words being said. I assure you they are innocent. But you should know what they mean, because no one should take part in anything if they don't know what it means: **PSYCHIC:** "Prince: who is Prince... a mellow guy by exterior, kind of lovable, but underneath lurks, things that might be unexpected. And right here, we've definitely got a very interesting human being, maybe a time traveler, maybe from another dimension, not an earthbound creature, learning how to be on the earth, but his mind is elsewhere."
