1. **TINA TAKES THE TOP TEN, MADONNA SETS A COURSE** :28

Hi, I'm Shadoe Stevens. It was another week of hit history on last week's American Top 40. Tina Turner became the oldest woman ever to make the top ten, 53 years old, with her song "I Don't Wanna Fight". We found out about an actual University class in nothing but Madonna. Took an AT40 Flashback to when The Police had the #1 song of the year in 1983 with "Every Breath You Take" and we had an AT40 Sneek Peek at the latest from Mariah Carey, "Dreamlover". Join me this week, for all the Billboard hit action and more, on American Top 40. (LOCAL TAG)

2. **JANET PRODUCES - SPIN DOCTORS TOUR ON** :31

Hi, Shadoe Stevens, AT40. Last week, Janet Jackson talked to us about producing ... Spin Doctors explained why playing live has made them a success. We looked at the other musical lives of New Order ... checked out a wee bit of Scotland with Top 40 acts ... in AT40 Music News, we found out about Elvis checks, yes Elvis checks and Elton John selling his record collections for AIDS research. What's up for this week? Only one way to find out, join me for Billboard's biggest hits on the radio, and much more on American Top 40, right here and only here on (LOCAL TAG)

3. **TOP HITS TO #1** :38

Hi, I'm Shadoe Stevens. There's only one official Billboard chart and there's only one official Billboard countdown on the radio, American Top 40. Give us four hours and we'll give you the top hits by music's biggest stars and hottest new names ... along with the stories behind their songs, all the latest in chart history, weekly AT40 Music News and concert updates, AT40 Flashbacks to those unforgettable songs of the past and Sneek Peeks at hits in our future. And Long Distance Dedications of course. It's not #1 until Billboard and AT40 say so. And only D'Shadowe knows on American Top 40. (LOCAL TAG)

1. Silk's recent top ten hit is "Freak Me", and when we talked to 'em, they told us why they think people have gotten so caught up in those two romantic words -- "FREAK ME".

SILK ACTUALITY: (:25) "I think what it is, we have found a way to say, in the song, what people really want to say and what people are feeling, but they are too scared to let you know. And I think they grip on to the song so much because that allows them to emotionally let themselves out. It gives them an out. We're doing it for them.

2. Janet Jackson has two current hits from her latest #1 album, "janet". She worked with producers Jimmy Jam Harris and Terry Lewis again -- the same team who did "Rhythm Nation," and before that, her breakthrough album 'Control.' Only this time, Janet co-produced almost everything with them.

JANET JACKSON ACTUALITY: (:28) "We've had such great success and the chemistry works so well together, we wanted to try something different. Producing to me is like directing in a sense, knowing what you want and trying to capture that, trying to get that. It was great, I mean we did it last time with "Rhythm Nation" and "Black Cat" and this time, there was more of that. And, I just had a lot of fun with it."

3. This next band released their album "Pocket Full of Kryptonite" two years ago.... And it took a while to start selling, but it eventually gave them two big hits, including a song that just spent seven weeks at #1. SPIN DOCTORS told us they think part of their success comes from getting out there and playing live. Bass player Mark White explains:

MARK WHITE/SPIN DOCTORS ACTUALITY: (:36) "You're a musician, you go on stage, you play your music and you have a great time. If you still got your day 'cause I went through it too, I had a day job, I was playing, eating spaghetti-o's every day, whatever, you got to deal with it, but you got to go on stage and have a great time, 'cause your music is your escape from all of that. For that one hour that you're on stage, or however long you're on stage, you're supposed to forget about your job and everything else you're doing and just have a great time. Don't worry about getting signed or anything like that, and that's what we did. We never once talked about getting signed. We just went on stage and had a good time. What happens is the people in the audience see that and they pick up on that. It's a lot of hard work, but it's also no work at all, if you can understand that."
