PROGRAM HIGHLIGHTS

Show 834-13

AIRDATE: December 24/25, 1983

Welcome to our annual Christmas edition of SOUNDTRACK OF THE 60s. We'll hear great Christmas songs from the 60's and share Christmas memories with our SOUNDTRACK OF THE 60s friends. A few of the great Christmas songs we'll be remembering are, "Rockin' Around the Christmas Tree" by Brenda Lee, "Sleigh Ride" by the Ronettes, "Santa Claus Is Coming to Town" by the Four Seasons and many more.

We'll also remember the night after Christmas in England when the Beatles made a special T.V. film for the B.B.C., in which John, Paul, George, and Ringo traveled through England on a bus. The critics didn't rave and the public was confused, but the songs were great with the title track being "Magical Mystery Tour."

We'll learn that Johnny Rivers real name is John Ramistella.

While listening to the songs from the legendary Phil Spector Christmas album, we'll be wishing Phil Spector a happy 43rd birthday the day after Christmas.

All this and more can be heard in our annual Christmas edition of SOUNDTRACK OF THE 60s.

Merry Christmas to you from all of us here at SOUNDTRACK OF THE 60s.
